# Australasian Colorectal Cancer Family Study Male Proxy

This study is part of the Cooperative Family Registry for Colorectal Cancer Studies, and is funded by the National Institutes of Health (USA).

### Instructions

All questions where there is a choice or a numerical response require you to fill in the bubble. Numeric responses should also be written in the boxes above the columns of bubbles. For example, to indicate a response of 12 and a response of male the form would be filled in like the illustration to the right .

### A3. Is he a twin or a triplet?

- Yes, a twin
- Yes, other multiple
- No → A4.
- Don't Know → A4.

### Does he have a genetically identical twin or triplet?

Non-identical twins are no more alike than ordinary brothers and sisters. Genetically identical twins, on the other hand, look so much alike (that is, they have such a strong resemblance to each other in stature, colouring, features of the face, etc.) that people often mistake one for the other, especially during their childhood.)
